## Risk Factors for Teen Alcohol and Drug Abuse

I have devoted the past two years of my life to helping her but have come to the conclusion that I have to let her go to discover what she is doing with her life and the poor decisions she is making. Lack of consistent discipline can produce deficits in self-control and personal responsibility, or conversely, over-control or hyper-vigilance.

## Effective Alcohol Education: What Works with Underage Youths

For example, having friends and fitting in are very important to teenagers. We need to prepare our kids to recognize and respond to that danger.

## Preventing Teen Drug Use: Connecting with Your Teen

For example, you can send your child powerful messages about alcohol by drinking occasionally, in moderation and in company. They may also become concerned with career choices and what to do after they leave home.

## A Parent's Guide to Surviving the Teen Years (for Parents)

Young girls, even in Christian churches, often dress in immodest ways, wearing skimpy tops, showing more than they should show.

## **HOW TO COMMUNICATE WITH YOUR TEEN**

Children and adolescents often feel competing urges to comply with and resist parental influences. We had—we still have—a rope swing out in front of our house.

### **How to Talk to a Child About a Parent's Addiction**

According to the CASA , 75% of high school students have used addictive substances, and approximately 16% of the U. Unable to deal with some of the harder issues of life such as parenting, health issues, death, etc. They may think more about what's happening in the world and the major challenges facing society.

### **How To Talk to Your Teen About Drugs: 6 Tips for Parents**

Regular communication between parents can go a long way toward creating a safe environment for all teens in a peer group. Casual drug use can turn into excessive use or addiction and cause accidents, legal trouble and health problems.
