## Nationalism

They argue that though nations and nationalist sentiments existed in the medieval period, nationalism blossomed fully only in the modern period with the emergence of the modern State. He examined the data from different streams of knowledge like economics, history and demography and arrived at the conclusion that communication played the role of a parent in the birth of nationalism and nationality. The ultimate deciding factor of internationalism is still nationalism and national interests.

It has created several agreements in the last two decades from 1995 the year of its inception and till now and has brought down the trade and tariff

bottlenecks in international domain that partly contributed to the two world wars in the 20th century.

## Nationalism

Yet, they consider all other members as their own people. It has sided with internationalism. India is a polyglot nation as it speaks more than a thousand languages and political unity was derailed.

### Fragments of political science on nationalism and internationalism : Lieber, Francis 1800

Nationalism is a modern concept. The paramount challenges can be listed as secessionism and globalization. Anthony Giddens, Paul Brass and Michael Mann are the main authors of this theory.

## Nationalism

Euro is its currency and a large portion of the dream to create structures for the free movement of people, capital, service and goods has been realized. The primordial theory of nationalism is grounded on the concept of ethnic nationalism.
