Institutional factors may create the broad parameters within which party systems operate, but their effects on outcomes are rarely deterministic. Self emptying demands the ongoing effort to work for visible signs of unity and nationhood within the Christian community as well. This is not only reflected in the SALC project on juvenile justice, but also in the interim policy recommendations of the Inter-Ministerial Committee on Young People at Risk.

Description of the South African Context

It investigates how measures are developed and adapted so that they are culturally appropriate and free of bias. As we have discussed in previous weeks the South African culture is a lot like the one that I, or we, live here in the United States.
