Lessons from the FBI's Secret War On Activism

In 1896, William Jennings Bryan, a Democrat from Nebraska, ran for president on a fusion ticket with the Populist Party. Then into the upsurge of the sixties with the New Left and then the Maoist and pro-Castroist New Communist Movement, it was the FBI that was on the job along with local police intelligence departments.

He gets his undergraduate and masters degrees. If big tech can censor one of the most antiwar and peaceful political figures of our time, imagine what they would have done with this technology during the civil rights movement.

Why Is There No Antiwar Movement?

Large revolts were suppressed in 1925, 1930, and 1938, and the repression escalated with the formation of the PKK as a national liberation party, resulting in civil war in the Kurdish region from 1984 to 1999.

The FBI's Secret War

Socialists helped to organize Detroit autoworkers and southern sharecroppers; Communists were influential in drives to organize the auto, steel, electrical, and longshore industries, among others. For if the war rested on false assumptions, the deaths of 58,000 Americans and millions of Indochinese might reasonably be blamed on a whole generation of American policy-makers, intellectuals, and generals.

15 Years of Dirty Tricks Bared by FBI

The antiwar movement held on into the early 1970s but, by the signing of the Paris Peace Accords in 1973, had lost most of its momentum. In their book , Aaron Leonard and Conor Gallagher tell a shocking and even gripping story of how the FBI did everything it could to destroy leftist groups emerging from the ferment of the student, civil rights, and antiwar movements.
