'What Would You Do If We Found Aliens?' Survey Asks

Listening to alien conversations, though, even assuming any are taking place, is not that simple. Over millions of years, the material in this spinning pancake gradually stuck together to make the planets and moons of the Solar System. What is more, Jupiter's atmosphere is almost certainly warmer at great depths.

Could You Ever Meet an Alien? Introduction

Almost as soon as they arrived, members of the ship's crew were attacked by moon-men riding three-headed vultures! To begin with, they were not taken very seriously. It may require technical means not yet available to us. In particular, she said, those conversations need to include a much broader swath of humanity than they currently do.

This is no more than a reasonable guess, and it may be wrong.

9 Strange, Scientific Excuses for Why Humans Haven't Found Aliens Yet

If we don't learn to broaden our frames of reference, we could miss the gorilla staring us in the face. By the way, you should revisit the scientific evidence. The aliens triggered climate change and died.

9 Strange, Scientific Excuses for Why Humans Haven't Found Aliens Yet

Eventually, living things evolved that could use the limitless energy in sunlight to help them change simpler substances in the ocean into food. Why police and FBI had to be there was beyond me.
