War Book Reviews

Kansas's entry as a free state had already been approved by the House of Representatives, but Southern senators blocked it. In a blindfold test, even sophisticated listeners might not detect that it is a bunch of college students from Kansas. A genuine contribution to the literature that meets a longstanding need and greatly enhances our understanding of the Kansas conflict's broad political and cultural reverberations.

. The members of the Legislative Assembly shall be entitled to receive three dollars each per day during their attendance at the sessions thereof, and three dollars each for every twenty miles' travel in going to and returning from the said sessions, estimated according to the nearest usually travelled route; and an additional allowance of three dollars shall be paid to the presiding officer of each house for each day he shall so preside. Hundreds of thousands of articles and editorials--4,500 in the New York Herald alone--were published about Bleeding Kansas during those four

tumultuous years leading up to the Lecompton Constitution.

Seeding Civil War

That the Constitution, and all Laws of the United States which are not locally inapplicable, shall have the same force and effect within the said Territory of Nebraska as elsewhere within the United States, except the eighth section of the act preparatory to the admission of Missouri into the Union approved March sixth, eighteen hundred and twenty, which, being inconsistent with the principle of non-intervention by Congress with slaves in the States and Territories, as recognized by the legislation of eighteen hundred and fifty, commonly called the Compromise Measures, is hereby declared inoperative and void; it being the true intent and meaning of this act not to legislate slavery into any Territory or State, nor to exclude it therefrom, but to leave the people thereof perfectly free to form and regulate their domestic institutions in their own way, subject only to the Constitution of the United States: Provided, That nothing herein contained shall be construed to revive or put in force any law or regulation which may have existed prior to the act of sixth March, eighteen hundred and twenty, either protecting, establishing, prohibiting, or abolishing slavery. Winkle, coauthor of *The Oxford Atlas of the Civil War Miner* draws on dozens of newspapers and magazines from all parts of the country and of all political persuasions: a trove of rich quotations and unvarnished epithets, nearly all of them published here for the first time. He argues convincingly that the endless, seemingly fruitless debate was important more because of the way events were discussed than because of the significance of the events themselves and that it contributed to the cynicism that made war inevitable—for some, even desirable.

Bleeding Kansas

On June 30, 1856, following declaration that the Topeka government was extralegal, Congress rejected ratification of the Topeka Constitution. This still left the pro-slavery camp with an overwhelming 29—10 advantage. PDF from the original on 2012-07-30.
