## Superposed Wall Passages and the Triforium Elevation of St. Werburg's, Chester on JSTOR

The most famous of these battles were , and. Reprint from The Journal of the Welsh Bibliographical Society 1950's 42 5 Guide to Bangor cathedral by G. This account is not only remarkable for its vivid description of the siege, but also for the light it throws on the architecture of the castle itself in 1216.

## Encastellation

Wanderings and Excursions in North Wales Schofield, J. The dating of this building is a matter of conjecture but it evidently predates the late thirteenth-century works at the castle. This type of elevation appeared periodically, but no English building provided the primary source for Chester.
