### Tenth Muse: Sor Juana Inés de la Cruz (1648)

QUALIFICATIONS: Juana was an expert in many areas for example, self-education, motherly instincts, and writings from poetry to influential letters.

### THE TENTH MUSE—Sor Juana Inés de la Cruz (1648)

Thirty other works are also included. De esta obra, tan reveladora del pensamiento de sor Juana, tomamos además la expresión que da título a esta exposición: Veo adorar por diosa de las ciencias a una mujer como Minerva, hija del primer Júpiter y maestra de toda la sabiduría de Atenas.

### CVC. Tan sabia como valerosa. Sor Juana Inés: la décima musa (2).

Written in 1690, this philosophical and theological letter is one of the most complex texts written by Sor Juana.

### Sor Juana Inés de la Cruz: Selected Works

This might be the most revolutionary thing about Sor Juana, for it was highly unusual for a woman writer to use humor.
