### Michael Byers, War Law: Understanding International Law and Armed Conflict (2005)

The Charter prohibits the use of force across borders with two exceptions: self-defense and Security Council authorization.

### War law : international law and armed conflict : Byers, Michael, 1966

International aid plays a crucial role in shaping how affected communities rebuild after a crisis. No state should be held to a higher legal standard than others, even if the motivations are noble political ends, or highly positive views of that state. However, common article 3 also states that it does not apply to other forms of violence such as riots, isolated and sporadic acts of violence.

## War Law: International Law and Armed Conflict

The IDF is the most successful army in the world at avoiding civilian casualties during urban warfare.

## War Law: International Law and Armed Conflict

War on Terror After the September 11 attacks, United States declared a war on terror on transnational organizations more specifically Al Qaeda Sassoli, 2006, p 5. Instead, between , it launched 230 rockets into Israel. The most visible example of an internationalized armed conflict was the conflict in the Democratic Republic of Congo in 1998 when the forces from Rwanda, Angola, Zimbabwe and Uganda intervened to support various groups in the DRC Stewart, 315.
