The aim of the Nuffield Mathematics Project was to devise a 'contemporary approach for students from 5 to 13'. Guided by Anthony Tomei then Nuffield assistant director with responsible for education work the Nuffield Foundation accepted once again the case for making large grants for innovative curriculum projects. The largest component of the Nuffield Science Teaching Project was the publications department which turned into the heart of the Nuffield-Chelsea Curriculum Trust.

He reasserted the view that successful interventions had to start with good people with good ideas. This book has soft covers.

### Nuffield Mathematics 5

The independence of the Nuffield Foundation and its financial resources has allowed it to innovate while being very practical, so that its work influences both policy and practice.
