### Hazards of Acetylene Gas

Such receptacle shall be kept covered while in the work-room, except when dross is being deposited therein. Accessories and equipment are correctly selected and assembled for manual heating and thermal cutting.

### Orissa Factories Rules, 1950

Limits of temperature and air movement.

### Hazards of Acetylene Gas

Work at a furnace where the treatment of zinc ores is carried on. Respirators shall be dried and cleaned after use and shall be periodically disinfected.

### CAB Direct

If a fire risk is present, a responsible person should keep the welding site under observation for at least an hour after the completion of the work. Same limit as for asbestos.

## Safe work method statement oxy acetylene welding

### Acetylene Gas

This bond is useful in that it stores substantial energy that can be released as heat during combustion. Rules 52-53 9 Bamboo ladders shall be provided with twisted wire loops enclosing both longitudinal members to prevent them from opening outwards.

**Country**

Acetylene gas displaces oxygen and cause rapid suffocation.

**Country**

Do not wear ties, rings or watches etc. Oxygen should be administered by a trained person only.
