## The correspondence of Dante Gabriel Rossetti (edition)

FREDEMAN 1928-1999 was professor of English at the University of British Columbia from 1956-1991. Probably the most rewarding letters in the volume concern the preparation of Poems. In its entirety, the collection will give an invaluable and unparalleled insight into Rossetti's character and art, and will form a rich resource for students and scholars studying all aspects of his life and work.
