## Understanding assessment and the role of assessor

National Board for Professional Teaching Standards. For full details, download the qualification handbook from the centre documents section. Level 5 : Competent in applying range of fundamental principles and complex techniques across a wide and often unpredictable variety of contexts.

## Standards for Training Organisations (RTOs) 2015

Application, saving and transitional provisions for provisions and amendments If the operation of a provision or amendment of the compiled law is affected by an application, saving or transitional provision that is not included in this compilation, details are included in the endnotes. The details of amendments made up to, but not commenced at, the compilation date are underlined in the endnotes. The amendment history in endnote 4 provides information about amendments at the provision generally section or equivalent level.

## Using Assessment to Drive Project Management Capability

The candidate should feel The assessment is fair The assessor acts with integrity The assessor maintains confidentiality The assessment is conducted according to the principles of a good assessment Subject matter experts Assessors must be proficient in the subject matter of the learning area in which they are assessing. There are differences in the operating characteristics and business objectives of RTOs and the evidence RTOs use to demonstrate compliance with this Standard will reflect those differences. .

## Units D32, D33, D34

Candidates will be required to participate in a Character Leadership interview prior to continuing in the process. This unit covers the areas of assessment planning; judging both performance and providing feedback; making assessment decisions and providing feedback.

## Using Assessment to Drive Project Management Capability

Professional certification will generally ensure a consistent level of basic knowledge, shared language, and threshold performance across a project team.

### **Noss Persijilan**

Work is being done to make the system fully compliant with this level. Nothing in these Standards may be read as limiting or diminishing those powers.

### **Registration Portfolio**

Training Product means AQF qualification, skill set, unit of competency, accredited short course and module.

### **Assessing the Care Certificate**

What to Assess: The Components of Project Management Capability If we think about project management capability as encompassing everything within an organization that relates to delivery through projects we realize that it involves the whole of the organization and not just the project management community and the projects themselves.
