## The American System of Criminal Justice / Edition 13 by George F. Cole, Christina DeJong, Christopher E. Smith

If this book were to be used at the college level it would need to be accompanied by supplemental materials that provide a clear more professional explanation of the concepts. Recall that the defendant does not even have to prove anything: it is up to the State to prove its case beyond a reasonable doubt to a moral certainty and the defendant can remain entirely passive and silent and the prosecutor still lose if he or she cannot meet that high burden of proof.

Wikipedia is not used as an academic source for papers, it should not be used as even a source of information about people, places, or phenomena. Without the defendant being truthful with counsel, it is impossible to adequately prepare for the likely impeachment of the defendant on the stand. They are not always synchronizing perfectly with each other.

## What are the three main goals of the American criminal justice system?

With all the burdens on the State, why is this true, why would any defendant plead out and not require the State to meet its seemingly remarkable burden of proof? Legal parties who do not receive their desired appeal result can strive for a final appeal with the.

## What are the models of the American criminal justice system?

This is the only time that a defendant can be tried more than once for the same crime. For example, the book tells readers that judges sentence individuals convicted of a crime.

I find the style of the writing interesting for a textbook, as the authors refer to themselves in parts of the text. However, if the matter charged is a felony, namely a serious crime, then in California and most states there is a preliminary hearing before the case is set for trial and at that preliminary hearing the State must present sufficient evidence to show the Court that there is reason to believe that a crime has been committed before a trial can be set in the Superior Court. Interface rating: 5 Throughout my use of this book, I did not find any major interface issues to be concerned about.

The primary institutions of the criminal justice system are the police, prosecution and defense lawyers, the courts and prisons. Fourthly, while the defense counsel may see various legal defenses of use and may be willing to challenge the prosecutor's case, the average criminal defendant is the one facing the catastrophe of incarceration or worse and is seldom willing to take the chance of trial if any reasonable offer is made by the prosecutor.
