### The need for the 'correct' politics of development

In the worst of cases, these negative spillover effects could lead to strong polarization at the regional level i.

### Conclusion: The Development of Democracy

Despite diverging economic and political trajectories, South Asian countries share commonalities in terms of emerging development challenges in the wake of the new world and regional dynamics. The new, often heavily subsidized firms and industries could easily become responsible for driving out of business the firms in the growth pole's hinterland that had previously provided similar products or services to the regional market. One of the major factors behind this is the hostile political relation between India and Pakistan, for which many regional integration initiatives remain ineffective.

### The need for the 'correct' politics of development

He was a strong supporter of the theory of sponsored growth. In some cases movements or parties campaigning for independence may push for federalism or autonomy within the pre-existing.

### new regionalism

Meanwhile, economic geography's increasing focus on noneconomic factors opens new possibilities for understanding the broader complexities of the field of regional development.

### Old, New, and Comparative Regionalism: The History and Scholarly Development of the Field

The forces of globalization have had an impact on the restructuring of the social, political, and economic aspects of regions, while states and

societies have adjusted to these impacts by furthering, changing, or reversing the effects of globalization through the processes of regionalism.

### **Conclusion: The Development of Democracy**

Regions display a spatial subdivision of a country and are characterized by a distinct degree of spatial diversity.

### **New York: The Politics of Urban Regional Development (Lane Studies in Regional Government #4)**

By contrast, newer growth-theoretic models have emerged based on endogenous and neo-Schumpeterian interpretations of economic growth.  
Positive or Trickle down or spread effect: It is the dispersal of growth away from poles towards the hinterland Positive Impact.
