9781405175425: Philosophy of Science: An Historical Anthology

My answer has always been discouraging: No one book fills that need. Perhaps most important, they are always intelligently sympathetic to the authors whose views they are presenting.

The philosophy of science : an historical anthology in SearchWorks catalog

By combining excerpts from key historical writings with commentary by experts, *Philosophy of Science: An Historical Anthology* provides a comprehensive history of the philosophy of science from ancient to modern times. Unmatched in breadth and depth, *Philosophy of Science: An Historical Anthology* is a comprehensive work that will take the reader on a grand tour of the philosophy of science from antiquity to the modern age.

Philosophy of Science: An Historical by Timothy J. McGrew, Marc Alspector

Description Philosophers of science ask various questions regarding the structures and aims of scientific reasoning, whether as practiced or as they should be. Marc Alspector-Kelly is Associate Professor of Philosophy at Western Michigan University. This is a Brand New book, in perfect condition.

9781405175425: Philosophy of Science: An Historical Anthology

Philosophy of Science: An Historical Anthology combines excerpts from key historical writings with insightful commentary to provide a text that distinctively follows strands of scientific inquiry, investigation, and debate for the past 2,500 years. *Philosophy of Science: An Historical Anthology* represents primary source material from throughout this tradition, as well as extensive commentary reflecting upon those materials.

Philosophy of Science: An Historical Anthology

It covers areas rarely seen in philosophy of science texts, including the philosophical dimensions of biology, chemistry, and geology and is designed to be accessible to both undergraduates and graduate students. By combining excerpts from key historical writings with commentary by experts, *Philosophy of Science: An Historical Anthology* provides a comprehensive history of the philosophy of science from ancient to modern times. It's

sure to become a classroom staple and a standard reference in the library of every historian and philosopher of science who thinks that Aristotle, Galileo, Newton, Darwin, and Einstein deserve to be heard speaking for themselves.

The philosophy of science : an historical anthology in SearchWorks catalog

My answer has always been discouraging: No one book fills that need. Fritz Allhoff is Assistant Professor of Philosophy, Adjunct Assistant Professor at the Mallinson Institute for Science Education, and Director of the History and Philosophy of Science Workgroup at Western Michigan University. Marc Alspector-Kelly is Associate Professor of Philosophy at Western Michigan University.
