## Surrealism

This novel, far from ambiguous, tells the story of a broken family: the husband abandons his wife and daughter. Certain characteristics that had traditionally been indissociable from a production such as art had already been challenged by Dada.

## Surrealism

Biomorphism: the forms suggest a relationship to biological or organic forms found in nature but they do not look like a realistic or naturalistic imitation of anything we might see in the real world Automatism: techniques which suggest that the artwork has bypassed conscious or rational thought; that the forms and images were generated by the subconscious without the artist's control. They believed that logic and other organized systems of thinking had created the horrors of war and responded to the war's meaningless slaughter with literature and art that was equally meaningless and created intentionally without logic. Through his use of contrasting light and shadow and his juxtaposition of objects, Chirico's paintings suggested a dark, unknown evil.

## **Surrealism**

De Chirico undoubtedly had a strong influence on Edward Hopper, perhaps on Milton Avery as well. In this way, Éluard states that the ultimate goal of surrealists—to reconcile dreams and reality—has been achieved, and that by fighting it, one will only end up imprisoned, either in the real world or the dream world. Another connection we might make to the influence of de Chirico is the work of American artists who are variously known as American surrealists, magical realists, and social realists O.

### **What Is Surrealism? Definition, Artists, & Illustrations**

In order to create marvelous images, Surrealist poets juxtaposed two terms that appeared to conflict with each other but were secretly related.
