## Market Statistics

In the case of housing, the concept of supply, demand, and location affects the housing costs for rural and urban areas. In no event shall any content be made available to any third party. Although their spending habits differ in many ways, both urban and rural households spend the greatest share of household budgets on housing.

## Prefabricated Housing

Data on food expenditures show that urban households spent more money on food at restaurants than rural households.

## The 2017 AHS Neighborhood Description Study

To date, HUD has published two products from this data. Real Estate is local and the home sales statistics for your area may vary significantly from what's described in this report.

## Urban Land Institute Releases 2021 Home Attainability Index

Note: Guidance documents, except when based on statutory or regulatory authority or law, do not have the force and effect of law and are not meant to bind the public in any way.

## Expenditures of urban and rural households in 2011 : Beyond the Numbers: U.S. Bureau of Labor Statistics

To request market statistics for previous years not displayed on this page, please email or call 573 445-8400 ext. Larger pet expenditures by rural households narrows the gap between entertainment spending by rural and urban households. The varying landscapes shape the lives, customs, and spending habits of Americans.

## Expenditures of urban and rural households in 2011 : Beyond the Numbers: U.S. Bureau of Labor Statistics

The index provides an array of 30 housing-related metrics for 112 metropolitan areas across the country. There were differences in spending on

other elements of the housing budget, too.
