Bringing transnational relations back in: introduction Thomas Risse-Kappen-- Part II. Human rights NGOs have been criticized for paying excessive attention to state atrocities and failing to address the sources of atrocities in the structure of the state and civil society. The World

Conference on Human Rights appreciates their contribution to increasing public awareness of human rights issues, to the conduct of education, training and research in this field, and to the promotion and protection of all human rights and fundamental freedoms.

Facilitating Freedom of Religion or Belief Through NGOs

They thus comprise a normative element, state practice, and organizational roles. Mechanics of change: social movements, transnational coalitions, and the transformation processes in Eastern Europe Patricia Chilton; 7. The book concludes with chapters discussing the theoretical implications of the findings in the empirical studies.
