## 8 Attitudinal and Behavioral Indicators of Discrimination

Muslims who say they have faced at least one of these types of discrimination has risen modestly in recent years.

### Essay on Discrimination: Effects of Discrimination

The Virginia Division of Human Rights DHR , for example, is charged with enforcing the Virginia Human Rights Act. To address this issue, Smith 2002 suggests investigating different approaches to the wording and placement of questions experimentally through random assignment on existing social surveys. In particular, as expressions of prejudice and discriminatory behavior change and become more subtle, survey questions on racial attitudes and experiences of discrimination may be necessary.

### A national survey on violence and discrimination among people with disabilities

They are not self-contained, and are not a substitute for assigned readings. Others claim that these statistics are not the result of racism against blacks, but are the result of other factors, such as high crime rates in the inner cities, low standards in public schools, the illegal drug trade, and urban cultural decay, all of which disproportionately affect blacks who are concentrated in urban areas for historical reasons. Taken together, these moves will be devastating for many LGBT people, women, and others.

### The 18 Most Common Types of Discrimination

Then, the researchers measured whether women who wore a hijab received less assistance than native Germans, whether ethno-racial differences between immigrants matters less than religious differences in generating bias, whether immigrants who wore a cross received more help than those who did not wear any outward symbols of religiosity, and whether good citizenship—enforcing anti-littering norms—generated more help from bystanders, eliminating any bias against immigrants. That research will provide a useful comparison to better understand the existing experimental results.

### Describe the Potential Effects of Discrimination

**Lack of Legal Protection** In some cases, victims of discrimination have knowledge about it but opt to suffer in silence.

### **The Effects Of Gender Discrimination**

The New Deal helped millions of families find work, increase their wages, and secure employment benefits, but lawmakers reserved most of these benefits for white workers while restricting and excluding people of color. Rather than defending the rule in court, the Trump administration announced it planned to eliminate language clarifying that sex discrimination includes discrimination based on gender identity.
