2016 takes many shapes and sizes, not uncommon when something returns from the dead.

Intranet Overview

Many companies have deemed the intranet as their digital corporate headquarters. You'll know you're done when — A curated set of content has been migrated to SharePoint.

Content Management on Intranets: Centralized, Distributed, and Hybrid Models

You'll know you're done when — You've got the minimum amount of content necessary to create and launch an effective SharePoint site. Intranet teams and the organizations they support realize the value of inclusiveness, collaboration, and consolidation.

5 Reasons Intranets are Important

Whether project, social, hobby or team related, these interactive collaborative spaces on your intranet will help your employees break out of the email inbox, and feel part of their organization. The look book provides examples of intranet pages that you can build in SharePoint and will give you an idea of the possibilities.

Understanding staff intranet needs

Your current business owners and site owners may be best suited to evaluate if content should be migrated and you may want to have them

perform the actual migration, depending on what's involved. Develop and plan solutions to business objectives. Often, a central team will manage the homepage and top-level landing pages in the navigation.
