

# Sandstone reservoirs and stratigraphic concepts - selected papers.

## American Association of Petroleum Geologists - Relative Success Of Sequence Stratigraphy In Exploration Indicated By Drilling Statistics

Description: -

-  
Arctic regions -- Discovery and exploration -- Russian.  
North Pole -- Discovery and exploration.  
Explorers -- Soviet Union -- Biography.  
Sviatoi muchenik Foka (Ship)  
Siedov, G. IA. 1877-1914.  
Hospitals -- Administration -- Study and teaching.  
Underground reservoirs -- United States.  
Petroleum -- Geology -- United States.  
Geology, Stratigraphic.  
Sandstone -- United States. Sandstone reservoirs and stratigraphic concepts - selected papers.

-  
no. 7-8.  
AAPG reprint series ;  
no. 7-8  
AAPG reprint series, Sandstone reservoirs and stratigraphic concepts - selected papers.

Notes: Includes bibliographies.

### Chapter 21

Saskatchewan Energy and Mines, Saskatchewan Geological Survey, Report 150, 183 p. Comparative ichnological analysis of Late Albian estuarine valley-fill and shelf-shoreface deposits, Crystal Viking Field, Alberta. This renewed interest has led to the concept of sequence stratigraphy, defined by Van Wagoner et al.

### Reservoir Sedimentology

They comprise superimposed dune and interdune sandstones and are laterally correlatable over kilometre scale. Geological Society, London, Special Publications, 123, 63-86. In: Symposium on Cyclic Sedimentation.

### Structural Interpretation and Petrophysical Analysis for Reservoir Sand of Lower Goru, Miano Area, Central Indus Basin, Pakistan

The pilot was successful in demonstrating deeper conformance control and improvement in sweep efficiency, which resulted in 25,000 bbl of incremental oil. Aeolian Association Layer B08 as Example 4.

### Cementation and porosity evolution of tight sandstone reservoirs in the Permian Sulige gas field, Ordos Basin (central China)

This distinct deflection corresponds to the highest occurrence of a lithofacies containing a significant amount of sand Figs.

### Selection of Completion Strategy for Sand Control and Optimal Production Rate

Sedimentology, paleoecology and economic geology of Lower Colorado Cretaceous strata of west-central Saskatchewan. This approach is based on the assumption that sandstone reservoirs having similar Rock Quality Index RQI , has similar capillary pressure behavior as regards water

saturation.

## **Chapter 21**

The presence of a sequence boundary in the Viking Formation in Crystal Field was refined through ichnological studies Pemberton et al.

## **Chapter 21**

Viking and Cardium not turbidity current deposits. Marine and Petroleum Geology, 27, 1885-1897. Continuity and performance of an estuarine reservoir, Crystal Field, Alberta, Canada.
