Regeneration: Latest

We will publish an assessment of our progress towards achieving our ambitions for Scotland's water environment by the end of this year. Development control changes It is proposed to place the 8 and 13-week determination periods on a statutory footing and to incentivise determination within those; two proposals included are an automatic refund of the application fee and deemed grant for failure to determine within statutory timescales. In response, we are stepping up our activity.

All participants gave informed consent to take part in the study. We will publish a Heat Decarbonisation Policy Statement next summer setting out the steps we will need to take to reduce the emissions associated with heating our homes and buildings. As Rob Imrie and Mike Raco 2003: 3 have identified, the associated approach in the 1980s and 1990s to urban policy was largely property-led.
