Roma communis nostra patria (2008)

It was of no small importance for Christianity that the Roman empire-practically synonymous with the orbis terrarum-had been converging both from internal and external causes toward a one-man government, the political counterpart of a universal religion with one God and Saviour. Rome and Italy are reduced to the rank of provinces, and new courts are opened by the two Augusti and two Caesars. The mind of the Roman empire was further prepared for Christianity by the Jewish Diaspora.

Y es que tengo pendiente contigo una disputa en relación con los altares y los hogares, con los templos y los santuarios de los dioses, y en relación con los muros de la ciudad, los cuales, según decís vosotros, los pontífices, son sagrados, de modo que rodeáis la ciudad más cuidadosamente por medio de la religión que con las propias murallas. Neque pignus neque depositum neque precarium neque emptio neque locatio rei suaे consistere potest.
