History of papermaking in New York

The detailed multi-page Analyst report does an even deeper dive on the company's vital statistics. Lipper shall not be liable for any errors or delays in the content, or for any actions taken in reliance thereon. During the 1960s IP continued to grow internally and took giant leaps toward diversification--many of them in haste--and learned that bigger is not always better.

IP

But they all have their place in the Growth style.

International Paper Company v. Labor and Industry Review Commission

Company History: International Paper Company IP is the world's largest producer of paper, packaging, and forest products.

International Paper Return on Assets

The VGM score is based on the trading styles of Growth, VAalue, and Momentum.

International Paper Company (IP)

In general, a lower number or multiple is usually considered better than a higher one. Corporate Review: Continuing lethargy across the Japanese economy translated into a slow year for most Japanese producers and so it was with Nippon Unipac. There are 17 Sectors, 60 different M Industries, and 265 X Industries.
