American Colonial Art: 18th

One of the most prominent features of his design was a massive bridge that crossed the river Glyme. His Face was broad and fat, his Mouth wide, and without any other Expression than that of Imbecility.

The Elements of Life by Richard Wendorf

He was Visiting Fellow of, in 2019. The Victorian period is in strong contention with the Romantic period for being the most popular, influential, and prolific period in all of English and world literature. In 1985 he was also made a professor of art history.

Richard Wendorf

His minimalist landscapes represented a move away from the classical world. The style might have been minimalist but the 700-acre Petworth Park was no small project.

Search Results for: Richard Wendorf

The architect brought in to design the house was John Vanbrugh and he was also the man who planned the original landscape.

Biography and Portrait

Rachel Great post on the Regency era.
