Suivez-vous la consommation mondiale et les stocks disponibles des matériaux dont vous dépendez cuivre, or, argent, gaz, tungstène, étain,...? Si oui selon quelle méthode ou avec quels indicateurs? Article 4 Every State has the right to engage in international trade and other forms of economic co-operation irrespective of any differences in political, economic and social systems.

## Régulations et déséquilibres macro économiques

Si oui, avec quel volume horaire? Prenez-vous en compte un prix interne du carbone dans le calcul de rentabilité économique de vos projets? Reflections on taking climate and biodiversity issues into account in the strategic review of our assets are progressing within the framework of the work recommended by the European Commission and the TCFD see question 4. Do you have a credible plan, with resources, by 2050 to reduce your climate impact, which means reducing your value chain emissions by 4% per year in absolute terms and not per product sold? When and how do you plan to achieve carbon neutrality? To reduce your impact, do you first avoid and then reduce before offsetting? Si oui selon quelle méthode ou avec quels indicateurs? At which hierarchical level is the person responsible for global environmental issues located? Given that short-term profitability constraints and the implementation of an ambitious ecological transition strategy are moving in two opposite directions, what internal regulatory mechanisms do you have to ensure this transition? Do you devote resources to influencing regulations that have or would have positive or negative effects on the environment? Afin de mutualiser le suivi des performances environnementales, sociales et éthiques de ses fournisseurs, CNP Assurances a noué un partenariat avec EcoVadis. If a supplier with a below-average score does not wish to cooperate with Atos to improve its performance, in most cases fewer or no contracts will be signed with it.

## France

## Framework for Regulatory Oversight for the Regional Energy Market Developed

À quels processus de décision est-elle formellement intégrée? Convinced of the need to develop a system of international economic relations on

the basis of sovereign equality, mutual and equitable benefit and the close interrelationship of the interests of all States, Reiterating that the responsibility for the development of every country rests primarily upon itself but that concomitant and effective international cooperation is an essential factor for the full achievement of its own development goals. Avez-vous mis en place une formation sur les sujets climat, ressources et biodiversité pour le comité exécutif? Parmi les nouveaux éléments recensés en 2018, on notera une fourmilière géante en forêt de Montorge peuplée de fourmis rousses qui jouent un rôle fondamental dans les écosystèmes forestiers.
