Prisons, Jails, and the Corrections System: Overview

We calculated the number of women incarcerated for each offense category using these percentages and the estimates reported by the BJS — Prisoners for yearend jurisdictional population with sentences greater than one year for total state institutions, by sex.

The Criminal Justice System's War On Women

The war on drugs is a primary reason for this drastic increase.

Prisons 'ill

BOP is currently reviewing bids from vendors to provide the necessary hardware and software for the pilot program

Female Offender Programs and Services (FOPS)

Property offenders 27% reported the lowest percentage of drug dependence or abuse. Males 377 per 100,000 male U. The CMUs regulations serve to detail the specific restrictions that may be imposed in the CMUs in a way that current regulations authorize but do not detail.

What are the unique treatment needs for women in the criminal justice system?

Moreover, 60% of women in jails under local control have not been convicted of a crime and are awaiting trial.
