San Ysidro Land Port of Entry

Solutions and Alternatives Many ski resorts have made substantial efforts to minimize their environmental impact. To that end, this order directs all executive departments and agencies agencies to immediately review and, as appropriate and consistent with applicable law, take action to address the promulgation of Federal regulations and other actions during the last 4 years that conflict with these important national objectives, and to immediately commence work to confront the climate crisis. Although motorists have more responsibility under the law when operating a motor vehicle on city streets, pedestrians have more at stake.
