Several people were killed, and dozens of people were injured, but the IRA Army Council claim the bomb attacks on the store were not planned and authorized in any capacity. The store turns away people whose dress is not in compliance with the code. Al-Fayed introduced the Egyptian room in Harrods in which he displayed two busts of himself, as well as two memorials to his son Dodi and Princess Diana, who both died tragic deaths in a car accident.

A hundred years later, in 1998, Harrods introduced the Egyptian escalator, which was regarded as a masterpiece in ergonomics, style, and in-

store transportation. Instead of closing down shop until getting rebuilt, the store moved temporarily across the street, while an architect was hired to build a newer, grander building. The telephone hardly ever rings.

Up to 300,000 customers visit the shop on peak days, comprising the highest proportion of customers from non-English speaking countries of any department store in London. But the Harrods Toys area was enough for my boys with so much to look at and browse. This is a recent part of their history, but a meaningful one as customers can shop tax-free.
