Near the end of the book, however, we meet a pastor who often pays a visit to jails. And here are a few more of my favorite passages! No rags to riches tale here only harshness and poverty, for the poor old folk of Iceland he would cause much controversy. While the waves lap the shore with an icy wind blowing, he looks to the light as his mind starts growing.

Heimsljós

Laxness writes with a wry wit and there is a strong vein of satire running through the novel; although Ólafur ignores society as much as possible, Laxness does not. No, I would almost demand that you let this saint into your life.

[Heimsljós \(Laxness\) \(The LiederNet Archive: Texts and Translations to Lieder, mélodies, canzoni, and other classical vocal music\)](#)

Unlike Wolf Hall, for example, which was a great read, but one I haven't thought about once since I finished it. This author knew how to write about such with a poet's heart and soul.

Stjórnarráðið

He is bedridden throughout much of his childhood, and is eventually sent away to live in another part of the country. Til að ná betur til almenninga hóf Heimsljós nýlega samstarf við Vísi um birtingu fréttta Heimsljóss. Heimsljós Heimsljós er upplýsingaveita utanríkisráðuneytisins um þróunar- og mannúðarmál.

It is certain that people would understand one another better and love one another more if they would admit to one another how lonely they were, how sad they were in their tormented, anxious longings and feeble hopes. Stjórnvaldi sem fer með opinbera þróunarsamvinnu og mannúðaraðstoð ber skylda til að upplýsa almenningum um árangurinn af því starfi.

Gísli Gunnarsson Bachmann

Enjoyable, and at times beautiful, this book really struck a chord with me. Ég er mjög sjálfstæður og er óhræddur við fylgia því sem hjarta mitt segir mér til um í stað þess að taka því gefnu sem almennt talið er. Vollm n praised Halldor Laxness in an interview and inspired me to read World Light.

Stj rnarr ði 

The book is at times psychological, philosophical, absurdist, and historical, written almost always with dry While this 600 page tomb doesn't read fast and is a bit repetitive, there's no denying this is a marvelous book worth reading.

Heimslj  s (Laxness) (The LiederNet Archive: Texts and Translations to Lieder, m lodies, canzoni, and other classical vocal music)

It is abstract and often bizarre in both style and content. If you're new to Laxness, I recommended reading Independent People first.
