Santa Barbara Architecture: From Spanish Colonial to Modern

In addition, he toured many of the houses built by Smith, who designed more than 100 projects in his 11-year practice, most in Santa Barbara.

An Authentic New Spanish Colonial

The text accompanying the photos by Patricia Halloran is refreshingly factual rather than art-speak although very brief. Perfect weather, moneyed residents, a pool of talented architects, a long ranching tradition, and some restrictive building codes combined to make Santa Barbara a treasure-trove of interesting buildings. This is a 38-year old, unused copy that retains its original clear plastic dust jacket.

Most of the photos are excellent although all are still in black and white.

Santa Barbara architecture, from Spanish colonial to modern (1980 edition)

Here, where gardens are so much a part of the house, the homes have become part of the garden.

My only criticism is that the pictures would have been better if they were in color, given all the color in Spanish, mission-style architecture. I really can't say enough about this book, it is a book you will reference frequently and be proud to own. They named it Casa de la Torre in a nod to the Spanish Colonial Revival architects of the early twentieth century, for whom towers torres were a favorite theme.
