## Napoleon III, First President and Last Emperor of France

Bronze was the favourite colour for mantles. Around this same time, there was another economic downturn, which especially affected the lower classes.

## The Second Republic and Napoleon III. (Book, 1967) [tools.github.ffxiv.cn]

Some of his supporters, however, organized a small party and nominated him as their candidate for the Assembly. It followed conservative policies, especially under the influence 1840—48 of François Guizot. A green or blue silk gown shot with black, with two or three graduated flounces, each flounce braided in the Greek key pattern, with narrow black velvet ribbon.

## France (Napoleon III)

In 1852 Louis-Napoléon was proclaimed emperor, and the was born.

## France (Napoleon III)

The surge of French enterprise frontiers: French capital and engineers built bridges, railways, docks, and sewerage systems throughout much of Continental Europe. It required each voter to prove three years' residence at his current address, by entries in the record of direct taxes.

## Life and Reign of Napoleon III

The political opposition, stifled since 1851, showed little gratitude to its and took every opportunity to harass the government. With Baron Haussmann, the Prefect of the Seine department, the Emperor transformed Paris whose population was 2 million : wide boulevards were created; magnificent buildings were built all on the same model.

## Timeline: the 2nd French Republique and the 2nd Empire

The resistance organized by the republicans within Paris under was soon subdued by the intoxicated soldiers. August: State visit of Queen Victoria and Prince Albert. An enumeration of all the cloaks, mantles, and pardessus would be tedious.

### **Life and Reign of Napoleon III**

Austria ceded a large part of Lombardy to France, who in turn retroceded it to the Piedmontese Kingdom. Get a Britannica Premium subscription and gain access to exclusive content.
