Care and Repair of Lawn and Garden Tools by Homer L. Davidson 1992 Hardcover

Fiskars products are made from hardened steel, which allows the blades to slice through materials all season long and stay sharper longer..

Garden Tool Care

It's now time to sharpen the blade. After a full season of keeping the yard looking beautiful, winter is a great time to get hard-working garden tools in shape for spring.

Garden Tool Care

How do you know which tools need maintenance? Make sure when sharpening to do so at the same angle as the blade, and if there are any cuts or notches on the blade, take extra care to file those out as well.
