## CV Dr. Pinedo

Leopold, MD Newport Beach, CA George F. McMahon Population genetics and historical demographic inferences of the blue crab *Callinectes sapidus* in the US based on microsatellites.

## Ethical and Policy Issues in Research Involving Human Participants

In vitro studies demonstrated that in contrast to infection by naked virions, heterofusion between infected cell carriers and tumor cells was more resistant to antibody neutralization. To have the talent for teaching the world about the miracle of healing and, at the same time, have a personality that reflects nothing but love for the individual is truly a gift to the human race. CDR Parker then returned to NMCP in 2008 where he completed Internal Medicine Residency.

## Bibliography of Yale Medical History

Die wanzen Hemiptera heteroptera der Umgebung von Bamberg. Note sur le genre *Garsauria* Walk.

## Vaccine Info

In 2010, he transferred to the National Naval Medical Center which integrated in 2011 to become the Walter Reed National Military Medical Center WRNMMC. Proceedings of 13th Annual Bioassay and Analytical Chemistry Meeting held at LRL Oct. Beiträge zur Kenntnis der Biologie der Asopiden.
