The Williams Patent Bullet

Most of it was FA 39 headstamped, but we are not sure if that is the case with the sealed box or not. Cartridges are low brass with salmon colored body and Winchester Ranger No 16 headstamp. The sides and bottom have a lot of peeled areas.

Round Ball to Rimfire, A History of Civil War Small Arms Ammunition Parts 1, 2 and 3.

Sealed pack of five rounds, plus one loose round to show contents. Dean clearly ranks in the top-10 of collectors that have truly educated all of us. Left to right these seem to be: 1-4.

Collectable Ammunition Catalog, antique reloading tools, bullet molds moulds, cartridge collectors, small arms ammunition, bandoleers cartridge sets

Nice clean sealed box with bottom of the boxes in good shape, no tips poking thru. Found a full original ammo can, and these are fresh from the can.
