West Coast floods: person missing, bridge wrecked

The RNZAF dropped supplies to remote settlements in north Taranaki which were isolated by floodwaters. The series is centred on a young adventurer named Anna Wetherell, who has travelled from the United Kingdom to start a new life on the 's during the 1860s. Storm motion was high at about 20kt, but a line of thunderstorms developed, with multi-cell storms tracking over the same area.

Golden Cross established 1990 also recorded its highest ever 24-hour rainfall in this event — 372mm. As the flow tends northeasterly, the proportion of total rainfall spilling south of the Wairau continues to increase. The Maungakotukutuku River recorded a freak discharge, which has been subjected to considerable review and scrutiny.

Wildfire

Authorities in the Northern California counties of Butte and Plumas canceled evacuation orders near another major blaze, the Dixie Fire, which had charred more than 388 square miles in mountains where 42 homes and other buildings have been destroyed.

Inangahua Earthquake

The global models did not indicate heavy rain over the area, being unable to resolve the small-scale convective nature of the event. In 1866, Lydia travels to Hokitika, seeking the gold from Anna.

Wildfire

But is the frequency of flooding increasing, and are the floods of today any worse? Gale force winds affected many coastal areas, with houses losing roofs, and power lines blown down.

Wildfire

Railway Ave in middle of picture. Later, Anna also seems information from Rau Tauwhare about the whereabouts of Emery. The earthquake had damaged or destroyed 50 bridges.

Extreme Rainfalls

Heavy rain also struck the North Shore, with a rest home evacuated, and the motorway flooded.
