Shooting Outdoors

Sometimes, a focus shift during shooting, or rack focus, can be very effective outdoors.

10 Tips to Shoot Video Like a Professional Videographer

Bonus Tip 4 The best time to do backlighting is when the sun is at a 45 degree angle in the sky.

DownWind Outdoors

Get yourself an inexpensive disposable raincoat with a hood at a sporting-goods shop or the sporting goods section of your nearest discount center. If all you have are auto controls, use less panning and tilting to avoid unexpected bright or dark images coming into view.

Video Alfresco: A Guide to Easy Outdoor Shooting

These simple tips will help you stay out of trouble. Have any other tips to add? Pick a scenic spot, send your Mavic Pro above you, and spread your arms to get its attention. We are regular guys with jobs who are addicted to chasing ducks.

Shooting Outdoors

In this photography tutorial series, professional photographer and editor Tony Sweet takes you to Charleston, South Carolina for some amazing visual artistry.

10 Tips For Shooting Video Outside

One bonus tip about using a fluid head tripod: If you have the ability to adjust the resistance, turn it up very high. Adjusting shutter speed can help you adjust depth of field.

10 Tips For Shooting Video Outside

For example, if you white balance on a blue card instead of a white one, your colors will tend to have a reddish cast. In front of a bookshelf?
Weekly air times Jan — Mar 2021: Wednesdays 7:30PM, 10:30PM, Thursdays 1:30AM and 4:30AM, all times Eastern.
