No obvious damage to the cover, with the dust jacket if applicable included for hard covers. Anorexia Nervosa: Experiencing the Self through Psychodrama and Gestalt Therapy, Hudgins.

## Experiential Therapy

Our Medical Team provides specialty care including medical management of interruption of eating disorder symptoms and related medical complications, medication recommendations, support, and accountability.

## Experiential or expressive therapies

It is also recommended for those who wish to be free of painful, unhappy, or otherwise bad feelings from past experiences, to change the nature of their current and future relationships, and to live up to their full potential. Many of the terms are broad and may be employed in other areas of medicine or mental health; the definitions provided here apply specifically to their meaning within the context of eating disorders. Anorexia Nervosa: Experiencing the Self through Psychodrama and Gestalt Therapy, Hudgins.
