Chickenpox can be serious and even life-threatening, especially in babies, adults, and people with weakened immune systems. People don't know what to believe and it's very confusing for them.

Polly Put the Kettle On

I live in central NY state near Syracuse and for many years I have feed wild birds. We have one lone male that comes and sings his heart out on top of the sunflowers, but no one answers. A few house finches but no sign of my pretty yellow boys.

The House on the Hill by Edwin Arlington Robinson

. Handier, it would be, getting from car to house, especially in winter. If she dies of old age, would you not say she was cured of her cancer? I miss our old place.

We Have All Gone Away by Curtis Harnack, Paperback

Curtis Harnack is local, born and reared on a farm not so very far from here, just outside of Remsen, Iowa, on land his family still owns. Since last Oct until the present time Dec21 we have had no birds.

Where Have My Goldfinches Gone

If it undergoes minor mutations, the vaccines currently in development would still be potentially useful. The migrating birds are already on the move, gathering in large groups, and passing through.
