Break in the time series.

**Romania country profile**

Are we adding more renewables than fossil fuels? With the following countries, territories and jurisdictions: Albania Ecuador Jordan North Macedonia Switzerland Algeria Egypt Kazakhstan Norway Syria Armenia Estonia Dem. For more detail about our structure please visit.

**Romania: Energy Country Profile**

It became involved in prolonged political feuding which did little or nothing to promote economic reform.

**UNdata**

When we compare the total energy consumption of countries the differences often reflect differences in population size. It is our opinion that in the future we should focus on finding specific mechanisms which can contribute to a better approach in the field of transfer of available technologies and through activities implemented jointly under the environmental conventions. TVR is the state-owned broadcaster.

**Romania country profile**

Job vacancies fell between the first and second quarters of 2020, while the unemployment rate increased to 5. Some events were specifically designed to include civil society organisations.

**Romania: Energy Country Profile**

These interactive charts show the energy mix of the country. An important part of society is aware of the changing patterns and are developing

activities to ensure the transition.

## Romania

That region now forms a large part of the Republic of Moldova.

### Romania country profile

This interactive chart shows energy intensity. The EU grant funds are budget neutral and will be critical to covering the fiscal gap of around 9 percent of GDP in 2020, up from a planned deficit of 3. In the field of transfer of technology, there is a need to increase cooperation between countries.
