They should involve their Data Protection Officers when deciding how to implement the recommendations of the EDPS.

Institutions and bodies

European Central Bank The European Central Bank directs monetary policies of the countries of the continent. As a result it was unclear whether processing for purposes such as training machine learning or artificial intelligence systems was permitted. The content of those data protection terms also underwent substantial revision.

Publications

European council It is made up of 27 Heads of State of the member countries, also belonging to this institution, the President of the European Commission and the highest authority of the Council.
