## Christian democracy

Methods of struggle include demonstrations, strikes, petitioning, picketing, boycotts, civil disobedience, and mass and general strikes, in addition to electoral struggle. In others it does not, preferring to allow its members to run as non-endorsed candidates. The class struggle in an immediate sense pits groups of workers against specific capitalists at the point of production as well as in broader social and economic struggles.

## Christian democracy

At the same time, some immigrants from Latin America speak an indigenous language as their first language or do not speak Spanish at all. Both have a devastating impact on young workers. The struggle against the suppression of their vote is intense and expansive.

## Australian Labor Party

Many features of special oppression cut across class lines and affect to some degree all members of each oppressed social group.

## Australian Labor Party

The national platform currently encourages state branches to formally establish these groups known as policy action caucuses. Muslims and Middle Eastern Peoples Three and a half million Muslims of various backgrounds live in the United States. Our Communist Party is both a political party and the organized expression of a broad political movement, and we welcome all who accept our program.

## Australian Labor Party

III The Working Class, Class Struggle, and Forces for Progress The Working Class and the Trade Union Movement Workers always seek to solve the chronic exploitation and oppression they face. The social market is a largely free market economy based on a and private property, but is supportive of government activity to promote competitive markets with a comprehensive and effective public services to address social inequalities that result from free market outcomes. The Koch Brothers—funded Astroturf movement known as the Tea Party helped drive this mass base further rightward.

## **Road to Socialism USA**

Small business owners, professionals, and farmers, who currently suffer from the heavy hand of monopolies, are important potential allies of the progressive majority even after the advent of socialism. It was some years before there was any significant structure or organisation at a national level. Until socialized medicine is achieved, the CPUSA advocates protecting and expanding the Affordable Care Act and implementing Medicare for All.

## **Australian Labor Party**

This, not personal possessions, is what we mean by private property. Communists fight for expansion of democratic rights, including the participation of working people not only in voting but also in running for office and decision making at every level, whether local, state, or national. Later, however, many political Catholic movements were formed in European countries advocating reconciling Catholicism with liberalism, if not democracy.

## **Road to Socialism USA**

The real threat to working families is not LGBTQ civil rights but the extreme right agenda of maximum profits and war.
