The philosophers have a head start on human history as it is played out in strife and struggle because, in thinking through their abstractions, they fore-see the shape of ideas to come as they gain contour in the clearing while the fog lifts. For, with Plato's discovery of the ideas as the facets of being lent to beings, the mystery of the world in its worldliness becomes graspable for speculative thinking, the thinking of Reason as distinct from Understanding, insofar as thinking can pursue the dialectic of these ideas, their contradictory movement into their opposites and into each other.

They recognize themselves as mutually recognizing one another. Whereas the narrative keeps the Caribs at a distance, the schoolgirl Beka has at least made an initial attempt to reconnect with the cast-off part of her Belizean heritage they represent, an issue that is especially significant as the Belizeans approach the dawning of their own nationalist independence. Philosophy of Right, paragraph 57 and its remark.
