This dynasty is included in the Palermo Stone, the Turin Papyrus, and in Manetho, who tells us that it lasted either 297 or 302 year.

tc allen: Who Was the Pharaoh of the Exodus?

Rea, John 1960 The Time of the Oppression and the Exodus. In 1857, two years later, the editors of the 'Kurzgefasstes exegesisches Handbuch zum alten Testament,' published by Hirzel of Leipsic, gave to the world a still more elaborate comment than either of these, entitled 'Die Bucher Exodus und Leviticus erklart yon Augustus Knobel,' in which great and varied learning was brought to bear on the subject, and a view taken which, though rationalistic to a certain extent, was moderate in comparison with the older generation of German commentators, as De Wette, Von Lengerke, and Stahelin.

Or, most probably, it included the initial king of Dynasty XIII. Too long a roaming of the earth! From Table 1-1, Biblical Chronology, we can see that it is exactly in that pivotal year of 1829 that Jacob started to dwell in the land of Padam Aram, and so away from the unrest of the Great War of Sesostris, and its consequent dangers in Palestine.

The Duration of the Israelite Sojourn In Egypt

My Colorful Past has recently recreated the face of Pharaoh Seti I who has been dead 3000 years, despite the technical challenges. We also find a number of reliefs carved in the most sacred space of all in the Deir el Bahri Temple, in the sanctuary of Amun itself.
