Space Fighters

If a bodysnatcher slime takes 16 or more damage while in a host, the slime leaves the host, moving into an adjacent square, and cannot infest that host again for 24 hours. Laser thermal engines are incredibly lightweight compared to most other rocket engines, giving the interceptors a huge thrust-to-weight ratio, which in turn gives fanatastic acceleration.

In which case, there will be no war. A barachius might serve its purpose in a wide variety of ways. Another issue related to B8 is acceleration.

Creatures

Ram: The AHAV gains a slam attack with a +23 attack bonus that deals 6d4+17 bludgeoning damage. RICK ROBINSON: What a rude question.

My Essay Gram

The basic argument against fighters is horizon distance. But it does not contain squishy brains, breakable bones, and rupturable organs; so it is immune to high g acceleration. But the decisive weapon for achieving air supremacy has always been fighter aircraft.
