History of England

Lady Katherine was the sister of Lady Jane Grey, and therefore was a claimant to the English throne, due to her royal blood. In her case, the only thing advantageous about this marriage, was that it ensured that the Scottish throne stay under the control of the House of Stuart by keeping it in the family so to say. On the morning of the execution, 30 December 1583, Somerville was found hanged in his cell: he had committed suicide.

History of England

He divided the hierarchy into 'interests', eg owning land and trading. Secretly they kept a Catholic priest at Park Hall, pretending that he was the gardener. An early modern empire usually meant an expansive, dominant state.

Henry VII of England

When Lady Katherine found out that she was pregnant, she told Robert about it, hoping that he would intervene on her behalf.

Tudors and Stuarts

And she suggests that among such people there were certain shared ideals of justice, which meant that they tended to practice the gradual sifting out at various stages of the case of those whom they deemed to be truly culpable, truly criminal. And she argues that this expressed what was fundamentally a religious attitude; that all people are potentially sinful, that only some are so hardened in evil that they are incapable of reformation. He spent most of the next 14 years under the protection of.
