summary built to change

. .

Built to Change

From the classics to the newly minted, this book gives you objective summaries of a broad sampling of fifty-five best-sellers. So while it's still important to take precautions to protect your data, Chromebooks let you breathe just a little bit easier. This book reveals the simple, but powerful techniques for changing behavior that experts from a range of disciplines have been using for years, making them available to all managers in a single and comprehensive toolkit for change that managers can use to drive and improve the performance of their staff.
