Inserting or describing lengthy variations during the narrative could be very confusing, while highlighting every square mentioned with flashes could become even more chaotic. The given reason was that Norwegian television was sponsoring the event, and moving the heavy cameras around would be too much hassle. Yet I felt the tension evaporate whenever the players' narrative was broken into by the appearance of the studio experts.

CHESS » 21 Mar 1987 » The Spectator Archive

October 2020 Many top chess players do not take rapid, blitz, and bullet chess as seriously as chess with standard time controls.
