Sustainable Coffee Production

For this reason, many mythologies around the world have the concept of the World tree, a great tree that acts as an Axis mundi, holding up the cosmos, and providing a link between the heavens, earth and underworld. Later, in the Period, , , and other appeared, and subsequently in the period.

Tree

Some trees develop multiple trunks whether from an individual tree or multiple trees which grow together. We disrespect our humanity when we act in inhumane ways towards non-persons, whatever their species. So, if the only options available in order to save the life of one morally considerable being is to cause harm, but not death, to another morally considerable being, then according to a utilitarian position, causing this harm may be morally justifiable.
